March 24, 2012

Last Will & Testament

*My
Legacy Plan*

March 24, 2012

Advance Medical Directive

for Maruf Hasan, dated April 03, 2012.

dfsbsd

Under the following circumstances what type of treatment do you want:

- You have an incurable condition that cause your death shortly
- You are unconscious and your doctors believe that you will not wake up
- The risk and potential pain to treatment outweigh the potential benefits

keep_me_on_life_support

dsrfhdsfh

Under the following circumstances what type of treatment do you want:

- You have permanent irreversible mental damage
- You may be awake at times but cannot recognize people or communicate meaningfully
- You will require life support to keep you alive (for example feeding tubes, ventilator, dialysis, CPR, pacemaker, transfusions, etc) for the rest of your life.
- Your doctors do not believe you will ever have significant quality of life improvement
